

# TRAINING

## Level 1 Bowling Green: Annual Maintenance

### Course description

The key subjects – from assessment of the surface to all the key tasks, plus more – are studied through a progressive one-day GMA Learning course. With delivery from an industry expert, experience an educational hands-on training day featuring a productive presentation, plus turf care theory and practical working demonstrations.

---

### Some of the subjects covered on this course

- The definition and assessment of surface
- Sequence of autumn maintenance
- Care of the bowling green and surrounds
- Spring and summer operations
- Effective winter maintenance
- Marking and setting out of rinks
- Safe and effective use of equipment

### Is this training day suitable for me?

This course is ideal for the new volunteer, and employee, or simply just as a refresher. Delivered by an industry expert, develop your knowledge with the latest best practices and explore the requirements you need to meet in order to optimise your bowling green surface.

### What can I do after this course?

Enhance your learning with our Level 2 Bowling Greens: Applied Turf Culture. An additional option, and with further study, is to undertake the GMA Level 2 Technical Certificate in Turf Surface Maintenance – an initial formal qualification in turf maintenance.

### Benefits

You will become part of the growing network of sports turf experts and volunteers. You will gain valuable and applicable skills, as well as practical experience.

You will enjoy a fun, informative and productive course – with delivery from an excellent and knowledgeable expert.
