

Training

Level 2 Racecourse: Turf Management

Course description

The key subjects – health and safety, pesticides and tools, plus more – are studied through a progressive five-day IOG Learning course. Delivered by an industry expert, make better informed decisions to determine the effectiveness of your maintenance. This course has been developed by the Institute of Groundsmanship in conjunction with The Racecourse Association Limited. (Lunch provided)

Some of the subjects covered on this course

- ✓ Safe and safety: the course
- ✓ Assessment measures for quality performance
- ✓ Rooting media and its construction
- ✓ Evaluation of nutrient analysis records
- ✓ Assessment and identification: grass species
- ✓ Pesticides available to assist in the maintenance
- ✓ Tools and equipment required

Is this training day suitable for me?

Ideal for the individual in a small and large team, this Level 2 course will demonstrate and apply the theory required to understand the science of racecourse grounds maintenance. On completion of this ground step, and following an exam, you will also receive a Certificate of Achievement.

What can I do after this course?

To further build on the IOG route, enhance your learning by taking your next grade with Level 3 Racecourse (Management Skills).
